

# HAVE YOU SEEN THIS KIDNEY?

medicalgraphics.de

***Looking for a "bean" shaped Kidney. Each kidney is about 4 to 5 inches long.***

***Each kidney continues to take out unuseful substances and then return the blood back to the bloodstream.***

***Be Careful when returning it: One disease that affects the kidney is Diabetes!***

***DO NOT eat lot of Salt, or sugar!! BE very Careful of those substances!!***

***The circulatory system and the Kidneys work together! The Kidneys filter and clean blood to make Urine. Your Welcome! Please Return !!***
